

The end of October saw an excellent game against top of the table Telford Tigers at Telford Ice Rink. This enabled 90 British Engine Longridge House and Midlands and West Regional staff to witness a truly exciting event. Janet Clare of the W. P. Centre said "The Lions were brilliant. The game was so fast and exciting that I was on the edge of my seat all the time. Everyone there including the children thought it was just great to watch. All the staff were screaming and cheering!"
