

# CAPTAIN'S COLUMN

Ice hockey as all of you should now know is a very funny game, teams can have good patches and bad ones; at the moment unfortunately we are going through the latter. There are always many "if"s.. If we had beaten the Barons our confidence would have been so high we might have beaten Streatham.. If Jari hadn't been taken out of the game by that goon Cloonan we wouldn't have given up those four quick goals.. It's always IF,IF,IF but there's one IF that's for sure.. IF we start to panic and our fans lose heart in us then we're finished. Things must get better.

Last night we travelled to Telford, at the time of writing I don't know what the outcome was but I'm sure it was a tough game and no doubt with the way our luck is going we picked up some more injuries. Tonight we face the same side and whatever the scoreline this is a building time for us and we have a long season ahead, we will be there and hope that you our great fans will still be with us.

I heard the other week that Mike Grafton was collecting names of people who said they would help the Lions financially, well here's an idea: If for example 50 people in the Clock End all put in £10 then they could have a player with the Clock End motif on his shirt, sponsored by the Clock End. It would be a new signing, just to rack your brains it would be a great coup for us if G.. S.. signed and it would give us a great chance to win our title. Other supporters do it, the "B Squad" at Solihull, the Animal Korner at Peterborough, so why not the now famous Clock End. When you think about it £10 seems a lot but over 40 games it works out at only 25p a game.. not much to have a player with your emblem on them and what a player this G.. S.. is, if you want to go ahead with this idea please give all cheques to Mike Grafton. Please leave the name blank on the cheques so it can be filled in by G.. S.. If you can't pay by cheque find someone who can and give them a tenner, so they can pay for you.

Yours towards a better future,

Geof Williams.

*P.S. In the coming weeks you will be seeing an advert appear in this space for my new building company but just for now if any Lions supporter wants any building work or home maintenance I will give them a 15% discount, and 10% for friends of Lions supporters. For a free estimate call*
