

## NEW TELEPHONE SERVICE STARTING SOON...

### THE CLOCK END CALL

by  
Jon  
Short

"Hi it's Mickey Mouse here... tonight's game at the Lee Valley Ice Centre was ----- (insert as applicable) versus the British Engine Lee Valley Lions (keep the sponsor happy). The crowd were as usual in the Clock End, ignoring the announcer (where did we get him from, can't we dump him on Romford)... the usual crowd of about 10 were in block 9... that's all you can get in with the Tingeys and Fat Boy Blowes... block 8 as usual started full but (quick, got another 10p anyone...) as time went by the majority went and sat in the bar discussing whose football team is worse."

"During the second period things didn't improve with discipline lacking as blocks 8 and 9 sang different songs with support appearing from blocks 4 and 15... Big Ed (or is it 'Ead?') appeared to be upset by the zebras... Blowesy was verbally abusing ----- (insert opposition's long-standing import)... and Bradley was upsetting and being verbally abused by everyone."

"The third period was a rendition of songs by everyone as those that can read, had finished Power Play or the Sheffield Steelers Letters Magazine... The end of the game was marked by Steve 'Jesse' James thanking the crowd for the rest of the team... (Come on lads you may not be happy at losing all the time but we pay to watch week in week out)"

#### HOME MATCHES

1. Nip down to 'cheap liquor selling establishment' and purchase 5 litres of strong cider (Eridge Vale was tops in our survey).
2. Go to rink and in midst of drunken stupor, join back of non-existent queue outside building
3. Cheer for all goals during warm-up.
4. When opposing team score 20, chant "we're supposed to be at home" (watching Songs of Praise or Miss Marple)
5. In drunken haze, part with much needed beer money in order to buy CET and Power Play (if it's really bad, you might even buy a programme as well).
